Quality And Craftsmanship Since 1853

"The Spaas master candle makers are proud to be able to continue the tradition, the craftsmanship and the excellent quality that the family has been passing down from generation to generation since 1853.

The common thread through the whole success story is undoubtedly the daily care for the unsurpassed Spaas quality. Through the years, techniques and trends, fashions and changes in interiors and design, colour and scents have been developed further and implemented in leading products.

Today, Spaas is an international company with more than 250 employees and a presence in over 10 European countries. That makes the company one of the most important producers in Europe. Spaas candles make the world a more pleasant place, inspiring people to add a touch of warmth to their everyday lives."

SPAAS is an ISO certified company.

The Gift Collection

"The art of giving is subtle. A gift is always a reflection of the one who gives. When chosen carefully, a gift will always please and surprise the person who receives it. Therefore candles make an excellent present. They add a touch of warmth to the everyday life and heart of people."

Clearlights

“Clearlights are scented coloured candles in see-through cups. Thanks to their transpararency their light is even brighter and shines in every direction. They were created for people who love cosy moments.

A variety of fragrances & playful colours helps you to create the right mood for every occasion. Clearlights now come in 2 burning times: 4,5h and 10h. And for your joy, we also added unscented white Clearlights so you can use them at the dinner table too. For optimal effect use our Clearlights in transparent holders.”

Trends

More and more customers are looking for inspiring store concepts. Therefore we defined contemporary trends which can help customers to make their shop presentations look different. Spaas will follow 3 important interior trends for the coming season(s):

Cosy Home

This living trend is the most classical style. It is inspired by the nostalgic feeling of authentic living. We were inspired by country homes, cosy farm interiors but also by the more townlike vicar's house. Colours schemes vary from white, broken white to grey colours and taupe. Accents of aubergine, red and jeans blue give an extra touch to a soft background. The materials used are natural and bring cosiness to the home. Textures are rough and natural, soft when it comes to blankets, cushions and carpets.

Industrial Inn

This trend has emerged the past years with old industrial buildings being transformed into living units. Lofts and deserted industrial spaces demand a different approach to turn them into exciting homes. Old walls and structures are often visible, designs have become pure. Colours in these interiors are often darker, varying from black to coral blue, chestnut brown to wengé brown. Used materials and structures referring to industrial buildings such as steel and tiles, are predominant. Pastels make a nice contrast with the darker surroundings.

Modern City

The crisis has affected many of us, especially the younger generation. The struggle for a first job has become reality together with an instable income. The vintage trend has been introduced in low-budget living concepts: Old, cheaper furniture and objects are being combined with new items. A brush of paint in bright colours give old objects a second life and show the optimism of the young generation towards the future. A side trend is the city chic, where cold materials such as copper, bronze, gold are combined with marble, mirror and glass.

Cubes

Cubes are small modular candle units which can be combined according to personal preferences. The cute, decorative elements are made out of authentic materials such as ceramics and concrete.

They can be stacked, spread out over the table or simply placed together. The different designs reflect the need for people to personalize their interiors. This enables them to turn their living spaces into a place of their own.

'Spaas wants to inspire people with its candles and concepts. Therefore we launched a new website in 2015.

Consumers can find inspiration on the site as how to use candles in their everyday life. They can share their Spaas moments with other people and find our latest products on the site.

Customers will find our catalogues online and inspirational images which they can use in their communication and promotions. We will also further support you by adding information for consumers on where they can purchase our products.

Visit www.spaas.eu for more inspiration.
You can also find us on Twitter & Facebook.
